Background

- A. In April 2010, the Council of Australian Governments agreed to major health and hospitals reform to drive improvements in service delivery and better health outcomes for Australians. As at 1 July 2012, the Queensland government will take full funding and operational responsibility for Community Care services for people under 65 years of age and Aboriginal and Torres Strait Islander people under 50 years of age.
- B. The *Queensland Community Care Manual* provides an overview and guidelines in relation to the delivery of Community Care services in Queensland. This document replaces both the *Queensland Home and Community Care Program Service Delivery Guidelines* and the *National Program Guidelines for the Home and Community Care Program 2007*.
- C. Community Care provides funding for services that support people under 65 years of age and Aboriginal and Torres Strait Islander people under 50 years of age who live in the community, have a moderate, severe or profound disability or condition which restricts their ability to carry out activities of daily living and who are at risk of losing their independence without assistance from Community Care services due to loss of functional ability or unsustainable living arrangements.
- D. You, acting through the Service Providers listed in Schedule 1 of the Service Agreement (Part C) - Specifications, have been approved to receive Community Care funding, by the Minister, on the terms and conditions as stated in the Service Agreement.

1. Conditions of Funding

- (a) It is an obligation under the Service Agreement that You sign the RCTI agreement relating to tax invoices in Schedule 6 of the Service Agreement (Part C) - Specifications.
- (b) You must contact Us to discuss media opportunities, including the writing of articles and materials for distribution to the media.
- (c) If You intend to publish any Funded Material then You must obtain Our written approval prior to publication. When seeking approval, You must clearly outline the intended audience and the purpose of the Funded Material.

2. Payment details

- (a) We will provide Funding as set out in Schedules 2A to 2E of the Service Agreement (Part C) - Specifications.
- (b) Funding will be subject to the lodgement of financial and performance reports as required under the Service Agreement (Part C) – Specifications and will be subject to appropriation and confirmation of the State Government budget.
- (c) The Funding will be paid to You by an electronic deposit of funds into Your nominated account, in accordance with the details contained in Schedule 7 of the Service Agreement (Part C) – Specifications.
- (d) The parties agree that clause 10.4 of the Service Agreement (Part A) - Standard Terms of Funding relating to Recipient Created Tax Invoices does not apply. Instead the terms of the agreement contained in Schedule 6 of the Service Agreement (Part C) – Specifications, apply to the Service Agreement.

3. Variation in Funding / Outputs

- (a) We will allow Service Providers variation in the approved Services within a single financial year to better respond to the changing needs of Clients. Any variation would be an operational arrangement to meet a particular short term need and would not permanently affect the Funding or Services as

(b) Within a single financial year, Service Providers:

- (i) Must deliver no less than 70% of the outputs for each Funded service type;
