Value of government procurement from Aboriginal and Torres Strait Islander owned businesses	2	\$350M	\$338M*	\$440M

Notes:

1. This is a whole-of-government measure of effectiveness for the Queensland Government's progress in growing the number of Aboriginal and Torres Strait Islander businesses that have secured government procurement. The department contributes to this measure by connecting agency and industry business supply and employment opportunities, and by linking investments that support Aboriginal and Torres Strait Islander businesses to build capability/capacity to win procurement contracts. The 2021-2022 final actual figure is greater than the target due to Queensland Government agencies promoting and enabling a positive internal environment to focus on Aboriginal and Torres Strait Islander procurement, increasing their use of innovative and targeted sourcing strategies and improved cultural competencies of government buyers.
