Entering Data into OMS

You may upload program data via a file or by direct data entry. Programs that upload a file should click the [My Uploads](#) link in the left-hand side menu selection and then select the appropriate program. Programs that directly enter their data should click the appropriate [Program Link](#) in the left-hand side menu.

If you are unsure, check the [Program Links](#). If your program is there, click the appropriate link; if it is not listed click the [My Uploads](#) link to find your program's file upload area.
