The Honourable Minister Crawford MP
Minister for Aboriginal and Torres Strait Islander Partnerships
PO Box 15457 City East
Queensland 4002

Dear Minister Crawford

On 3 February 2020 we provided the former Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships with a letter of advice on a possible Path to Treaty for Queensland. This advice was informed by a Report prepared by a Treaty Working Group and followed a process of Statewide consultations with First Nations Peoples and non-Indigenous Queenslanders. The letter of advice detailed eight (8) recommendations as to how the Queensland Government and Parliament might proceed on a Path to Treaty.

Since the delivery of the advice of the Path to Treaty Eminent Panel, Queensland along with the rest of Australia has been responding to the extraordinary circumstances occasioned by the worldwide COVID-19 pandemic. The public health response to the pandemic has necessitated major changes to everyday life in Queensland requiring significant alterations to the policy and budgetary priorities of the Government. Further the sitting pattern and practices of the Queensland Parliament have also been adjusted with reduced sitting days for the balance of the current Parliament.

In light of this reality which was obviously not envisaged when the Panel presented its February 2020 advice, the Panel believes it should provide a short supplementary advice and amend those recommendations which are self-evidently no longer achievable given the changes wrought by the pandemic. The balance of this letter provides the Panel’s supplementary advice.

**Overview**

The principal recommendation made by the Panel and Working Group was that Queensland should proceed on a Path to Treaty with the ultimate aim of reaching a treaty or treaties with the First Nations of Queensland. This recommendation stands as does each of the recommendations made as to the legislative and institutional arrangements to auspice the Path to Treaty and give to the focus to matters of:

- Truth Telling and Healing;
- Capacity Building and;
- Community Understanding and Engagement.

Accordingly the Panel believes the Government should proceed with the preparation of a response to the Panel’s advice and Working Group Report and place before the Parliament a Bill to establish the First Nations Treaty Institute and First Nations Treaty Future Fund. In essence the matters which in the Panel’s opinion require amendment are those which go to the timing of the implementation of the recommendations.
Timing of the Implementation of Recommendations

In framing its February 2020 advice, the Panel believed it was highly desirable that momentum towards a Path to Treaty developed through the community consultations be maintained and to this end recommended certain actions be taken in the first half of 2020 namely:

- that the Queensland Government make a Treaty Statement of Commitment to express the Government’s intention to proceed on a Path to Treaty by taking the actions recommended by the Panel;
- placing before Parliament a Bill to further the Path to Treaty by establishing the First Nations Treaty Institute and the First Nations Future Fund and providing the framework for matters such as treaty negotiation and the emergence of First Nations representative structures and;
- allocation within the Queensland Budget for the 2020/21 financial year of funds sufficient to further the proposed institutional arrangements to enable the Path to Treaty to proceed.

It is understood that the COVID-19 pandemic response means these recommendations are no longer achievable in the first half of 2020 given the priority afforded to pandemic measures by the Queensland Cabinet, the alteration and reduction in Parliamentary sitting days and the delay to the delivery of both the Federal Budget and the Queensland Budget. Further it is acknowledged that budget priorities will understandably be shaped by the public health and economic consequences of the pandemic.

Amended Recommendations

In the Panel’s view it is important that the Government take a number of measures on the Path to Treaty at the earliest practical opportunity and certainly before the expiry of the current Parliament.

The Panel recommends that the Government respond to the Panel and Working Group Recommendations and make a Statement of Commitment to further lasting reconciliation by detailing its intentions to proceed on the Path to Treaty during the term of the next Parliament - by taking the actions contained in the 3 February 2020 letter of advice. This Statement of Commitment should be made in this term of Parliament. Further the Panel believes that the Report of the Treaty Working Group and this advice together with the advice of 3 February 2020 should be published and made freely available to the public in advance or no later than at the time of the making of the Statement of Commitment.

For ease of reference a modified list of all recommendations is attached to this letter which removes references to implementing recommendations in this term of Parliament.
